FIFTH GRADE

THOUGHTS FROM THE FIFTH GRADE

The League of Nations was like the sprouts of a growing seed. The United Nations has taken root and the tree is growing.

It seems like the United Nations has a good foundation. People of the world are beginning to understand and are pulling together to make it a success.

It's a good idea to have the five largest nations permanent members and to have the members of the Security Council serve for two years, alternating their term, so there will always be an old member with the new member. The old member can give advice and support the new member.

The main purpose of the United Nations is to keep peace in the world, but every nation in the world must cooperate in order to make it a success.

If the majority of the members can see freedom ahead and are willing to work for it, the United Nations will be a success and peace will reign.

It is strange that Lincoln is more famous today than when he was living. More people know him today than then.

We would like our Lower School council to keep our school. We need a few rules to guide us. If everyone understands and cooperates with us and these rules, everyone will be free and will have peace.

FOURTH GRADE

This year, the Fourth Grade activities have centered around a study of world geography. Many types of maps have been studied and made in class. Imaginary trips made by each child up the longest and most famous rivers of the world have given a wealth of facts, ranging from the average number of inches of rainfall in the section to the music of native groups. Miles of territory have been traveled and explored, but the use of imaginary airplanes and the interest of the Fourth Graders has made the trips fun.

THIRD GRADE

The Third Grade has been studying about pioneer life. There are still many things we want to do and find out about before we finish. The movies we have seen in this study have been very interesting.

We have been enjoying exploring in library books and finding new stories and interesting ideas.

We are trying hard to learn how to live together. We each try to take some responsibility for the care of our room and the building. We try to share our experiences and our fun.

SECOND GRADE

The school time is all too short for the many things we love to do. We have reading in groups and individually for pleasure. We have used our many work books and continued our learning of a number of concepts. When we first discovered rulers, everything in our room, including all the children, got measured. Everyone in the room loves art and shop work, and from the art room have come innumerable clay ash-trays, and animals, and colorful paintings for room decoration. Recently we began a new project, the modeling in paper mache of a cave scene, thus linking up art with our study of primitive peoples in Social Studies. At this moment we are studying the Eskimo People, and soon we hope to begin our study of the North American Indians.

FIRST GRADE

We are First Graders. We read in books. Big books and little books. We read Wesley Readers. Today we read our Valentine Day Readers. We read about Bibs and Nip. Everyday we read the news on the blackboard. We paint in First Grade. We like to paint. We paint snow pictures. We paint the things we make of clay. We play with clay. We look at books. We play games. Number games and letter games. We have a big boat that we made of blocks. Everyone in the First Grade can get in our boat. We steer it. We throw out the anchor. We go fishing. Sometimes we play in our play house. We used to have a bank. We go skating on the ice. We go sledding on the hill. On rainy days we play in the gym. We feed the birds. We learn to write in First Grade. Mrs. Kratz reads stories and poems to us. Every week we see a movie. We go to Miss Potter for flashes. We go to music. Sometimes we go to Morning Ex. Sometimes we go to little Morning Ex. We went to the lagoons to pick crabapples. When it snows, we look for rabbit tracks. In the fall we planted flowers. We planted bulbs. Now the bulbs are blooming. Next month we will make maple syrup.

SENIOR KINDERGARTEN

Being members of the older "set," we have experienced many new group activities.

One day we left our campus home for a short train ride from Winnetka to Evanston. We stood on the station platform waiting for the train to come in—clinging to our tickets and hoping the train would "stay on the rails no matter what."

The conductor was a nice man who helped us board the train. He smiled and spoke to us. We took turns pretending we were the engineer.

But the best part of the trip was returning "home" to all our favorite activities . . . "I built a wooden boat and painted it red and blue," said Stevie. "My clay models really stand up, but I have to work real hard to make them," Johnny said.

"Let's play house. I'll be the mother, Christine, and you be the little girl, Lucy. Shelly and Tracy can dress up to go to the party."

"Buzzie's buildings are always big. Ned and I built a road up to one of them, while Stephen and Gail made a block fence."

"Liz set the table for juice. She poured just enough apple juice into each glass. Rickey and Audrey like that kind the very best and Ralph brought some homemade cookies for us to eat."

L-R: McCarty, Schupmann, Rubens, Miss Burton, Dunham, Basile, Burton, Hallberg, Buck, Masessa.
Absent: Denson, Donaldson, Seeman, Hawxhurst.

L-R: Johnson, Schweitzer, Rudo, Miller, Gardiner, Levin. Second Row: Kelly, Cain, Browne, Clausen, Kux, Abelson, Brew, Cole, Dunham, Stolkin, Scudder.
Absent: Gegner, Nielsen.

JUNIOR KINDERGARTEN

"WHAT DO YOU LIKE TO DO THE BEST?"

Kathy Abelson—I like to have our pictures taken.

Joanne Brew—I like to have juice.

Sally Browne—I like to do hammering and pounding.

Barbara Jean Clausen—I want to play in the sand box.

Patty Cole—The cuckoo clock sounds so cute!

Marilyn Kux—I like to color best.

Nancy Lee Kelly—I wish I could go swimming!

Jan Miller—I like to ride on a horse.

Christy Schweitzer—I like to do puzzles real fast.

Joanne Scudder—I like to paint pictures.

Kathy Stolkin—I like to build blocks.

Michael Cain—I like to play the magic piano player.

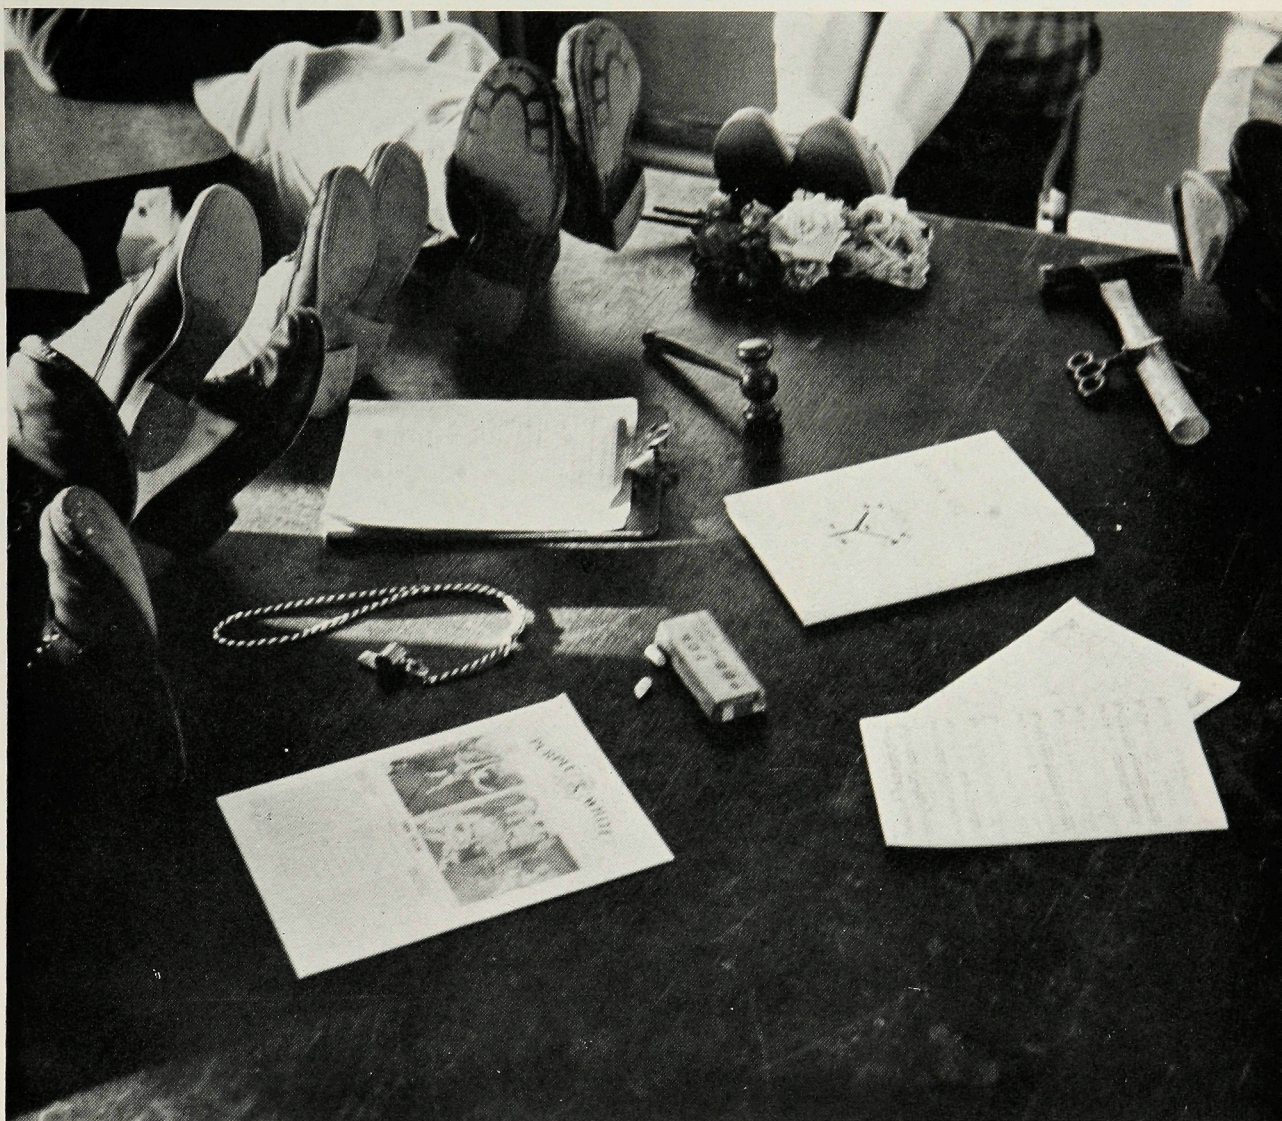

Russell Dunham—I like the real big blocks and make houses with them.

Freddie Gardiner—I like sawing best.

Michael Johnson—Playing records is the best.

Neil Levin—I like to play the piano best—"Marche Slav" and "Frere Jaques."

Neil Rudo—Having juice is the best.

THE PURPLE AND WHITE

The editors of the 1950-1951 *Purp*, Jack Kearns and Jim Glasser, continued with the policy established last year of having ten pages and coming out monthly. This year there were more pictures than ever before.

In its editorials, the *Purp* conducted a series of campaigns for a class in typing, for the resumption of student study-hall proctoring, and for the clarification of the function of late study hall. Besides these, the *Purple and White* gave a comprehensive picture of the sports situation under the management of the sports editor, John Cooper. *Alumni News*, *The Inquiring Reporter*, *Through the Keyhole*, and *Motor News* were among the regular articles continued from the past. Articles on controversial subjects were also introduced.

Ann Murray and Lucia Boyden took care of the circulation department very well and Tim Clark handled the finances very efficiently. Sue Farley, with the cooperation of her staff, gave the *Purp* the largest amount of advertising it ever had.

All these factors help to explain why this year's *Purple and White* was the best ever.

THE STUDENT COUNCIL

The Student Council started with the election of new officers. Those elected for the first semester were Jack Kearns as president, Lauren Suter as vice-president, Eunie Hull, secretary, Jim Gilmore, treasurer, and Tim Clark, Byron Campbell and Franny Blunt as the delegates-at-large.

With the officers elected, the council began its work. The first business should have been the approval or rejection of the constitution, as stated in the constitution. However, this escaped notice until mid-years, when it was brought up and approved in council and town meeting.

The business for the first semester consisted of the annual parking lot and student proctoring problems and the distribution of the refreshment concessions for the football and basketball seasons. The council met two new problems this year—the Sophomore Boys' square dance series and the payment of the girls' referees. In the Sophomore dance series, the council felt that the class was asking too high a price for subscribers, but the boys pointed out that part of the profits would go to the Scholarship Fund and therefore should be tax free. It took the council about six meetings to settle the issue. The payment of the girls' referees was previously done by the school while the council paid for the boys' referees. It was felt that the council ought to pay for the girls' referees also. The council settled the matter by paying as much for both as for the boys', with the school making up the difference.

For the second semester the council was in the hands of the Juniors. Eunie Hull was elected president, with Tim Clark as vice-president and Pat Collins as secretary. During this period, the council handled the opera budget, dealt out baseball concessions, and covered a few other problems.

THE MORNING EX COMMITTEE

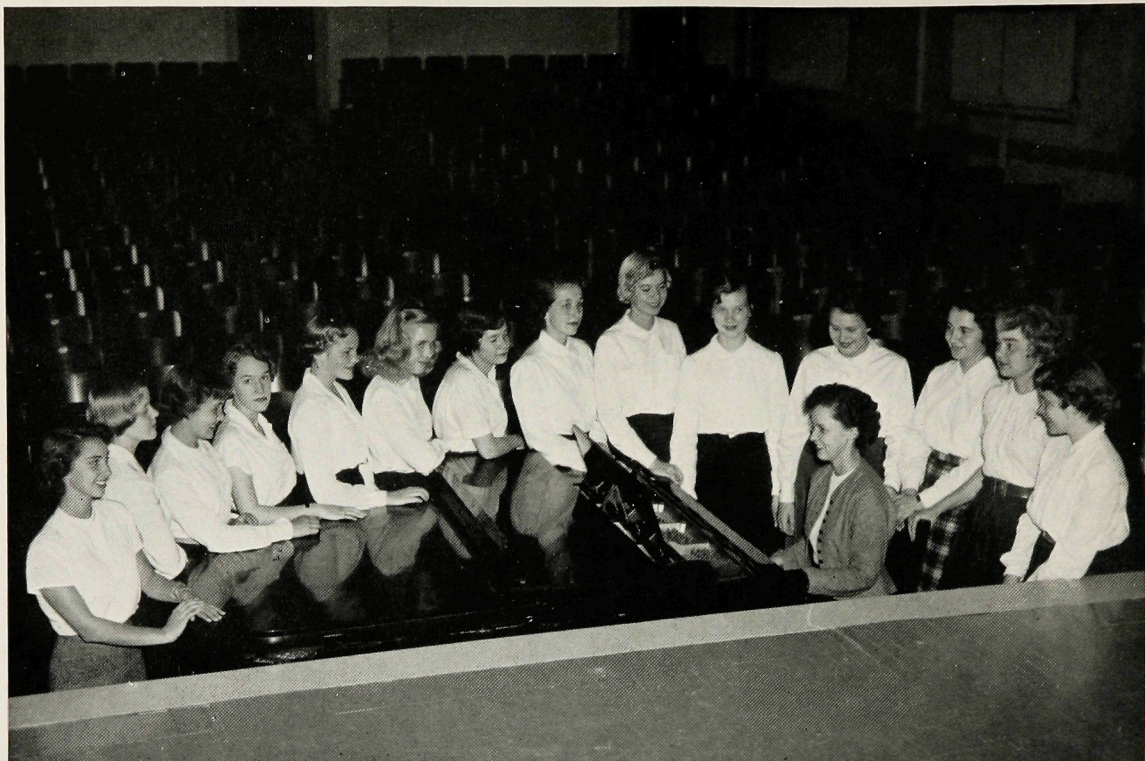

Every morning throughout the school year, between the third and fourth periods, the middle and high schools, and often the lower school, meet in the auditorium for what is termed a "Morning Exercise." The Morning Exercise consists of movies, student or faculty reports, open discussion on major issues, classroom demonstrations, plays and speeches by noted personages. This last is in itself a special series called the "Educational Lecture Series." Such noted people as Clifton Utley, Leland Stowe, and Alice Marble were on the series this year.

A committee composed of at least one representative from each upper and middle school home room and a faculty member from the upper, middle, and lower schools meets each Thursday to discuss and determine the Morning Exercises. The members of the committee then go out and contact the prospective speakers and arrange a date for their appearance. The committee also often secures movie films for presentation in Morning Exercise.

The purpose of these Morning Exercises is to broaden the audience's knowledge, help the speaker or group to learn how to convey an idea by well-chosen words and good organization, and give the person giving the Morning Exercise the benefit of learning to speak in front of an audience. One of the most important and beneficial aspects of the Morning Exercise is the discussion period at the end, when the audience gets a chance to ask the speaker any questions concerning his topic. Speakers such as Leland Stowe and Clifton Utley, who speak of the present world situation, seem to receive the most questioning.

A CAPPELLA

In 1941 a group of high school girls interested in singing organized themselves, with the generous help of Mr. Duff, into the A Cappella Choir. The only time open at that point for rehearsals was during lunch period. This time Mr. Duff willingly contributed. In the years that followed, this group built up a sizeable repertoire of songs which they sang not only at school functions, but also at the invitations of Infant Welfare and Christ Church.

Today A Cappella is a recognized student organization. The girls hold tryouts every fall, choosing the new members themselves. These girls are picked not only for their ability, but also for their willingness to devote themselves and their time to the organization, which rehearses twice a week during the sixth period. With the able guidance of Miss Parker they have presented numbers at Thanksgiving and Christmas, and in Morning Exercise. At the end of each year A Cappella sings the prayer "Gratias Agimus" at the Senior Luncheon.

This year's members were:

First Soprano:

Roberta Grant
Sue Van Wolf
Deedee Ritch
Sue Farley

First Alto:

Holly Cummings
Judy Neuses
Martha Cook

Sec. Soprano:

Judy Dayton
Yvonne Kotrich
Connie Grant

Second Alto:

Elsa Chapin
Ruth Geering
Sue Selz

ENSEMBLE

This year the Ensemble under Miss Parker started practice on some Negro spirituals. However, due to lack of material, the Ensemble was abandoned at the end of the first quarter. Many of those in Ensemble participated in the Christmas music Morning Exercise, which may be said to have taken its place. After the opera has been given, four of the boys who are interested in singing plan to start the Ensemble again, with the boys in it to be hand-picked like the A Cappella. This is to get only those interested and to insure steady attendance. They will probably sing songs that they sang three years ago and enjoyed, such as "The Camel Driver's Song," "Rolling Down To Rio," "Steal Away," and perhaps some new ones. We hope Ensemble will continue on this basis next year also, until it regains its former status.

G.A.A.

The Girls' Athletic Association is an organization to which every single girl in the high school belongs. It is divided up into two rival forces—the Kappa team and the Delta team—which play a series of two out of three games in hockey and basketball at the end of each season. At the end of the year, the points are totaled up, and the team which has the most has its name and year printed on a gold plaque which hangs in the coach's office. This tradition was established just recently, and the girls have greatly enjoyed participating in these highly competitive games.

The G.A.A. Board consists of a president, secretary-treasurer, the captains and managers of the hockey and basketball teams, and the captains of the Delta and Kappa teams. This board serves as a sort of student council for girls' athletics and regulates the girls' after-school activities. The main jobs are to provide refreshments for home games, help build up good will between schools, give a hockey and basketball banquet, and schedule the Kappa and Delta games. Due to the ability of the new coach, Miss Shallow, and the enthusiasm of the girls, they have completed a very successful season.

STAGE CREW

The stage crew is probably the busiest activity in school. Its members are responsible for the setting up of any props for *Morning Exercise*, such as a set for a play, the Bell-optican, or the projector for a movie film. The stage crew was run very efficiently this year in spite of the fact that a few *Morning Exercises* were held up until the crew could set up the Bell-optican for a song.

The two biggest jobs for the stage crew are the Vaudeville and the Opera. The former task is greatly simplified by the fact that almost all of the props to be used in the acts must be procured by the group giving the act. The stage crew then makes any props or sets which the act cannot acquire. However, the entire Opera set is made by the stage crew, with the exception of the art work, which is done by the art class. This involves the putting together of flats and boxes on the stage. The lighting problem was greatly eased by the new switch board installed last year. The success of the Vaudeville and the Opera may be partially attributed to the stage crew, without whose cooperation and work this success could not have been attained.

L-R: Jeffris, MacDonald, Adler, Kearns, Pickard, Clark, Gorham, Loewenberg, Garver.

MAY DAY

Each year during the second week in May, the whole school celebrates May Day. This festive occasion is usually held on the hill unless the weather is bad; in that case, it is held in the boy's gym. For this event the May Queen's throne is decorated with many bright colored flowers by the Sophomore Girls who are in charge of May Day each year under the Chairmanship of Dr. Landau.

This year an operetta, "The Eccentricities of Davy Crockett" was presented during the Morning Exercise period. After this, because of bad weather, everyone assembled in the gym and dances were given by each grade to honor the May Queen, Franny Blunt, and her two attendants, Nona Everhart and Connie Grant.

A special effort was made this year to keep the name of the May Queen a secret until she appeared on May Day, accompanied by her two attendants and six children selected from the kindergartens and the first grade.

SENIOR PLAY

The Senior Class chose James Thurber and Eliot Nugent's comedy "The Male Animal" for two main reasons—first that it presented two current problems in American education, the place of athletics in the university and the question of academic freedom, and second that it contained much humor which would not grow stale.

"The Male Animal" is the story of Professor Tommy Turner who finally turns to defy the dominance of athletics and the ideals of reactionary commercialism in university life. The others contributing to the resulting farce are Tommy's wife Ellen, "old grad" Joe Ferguson, the stadium-building trustee Ed Keller, and the typical campus figures, the pretty co-ed, campus radical, football star, and cheerleader.

CHRISTMAS PLAY

The annual Christmas Play was given this year by the Freshman Class. The play was adapted from two medieval dramas, "The Benedichtbevren Play" and "The Barisal Play", and also from the Bible, both Old and New Testaments.

The play opened with Mary thinking over what has been told to her by the Prophets—Micah, Isaiah, Aaron, and the Sybil. The play also showed the shepherds, the innkeeper and his wife, Joseph and Mary, the choir of angels, and the angel Gabriel gathered around the Christ child while the choir of angels furnished a background of singing.

The Freshmen, Mr. Marsh, Miss Parker, and Miss Gilbert all had a part in producing this play, one of the best given at North Shore for many years.

VARSITY FOOTBALL

The 1950 North Shore football team was without a doubt one of the strongest and most successful in the history of the school. Playing a schedule of eight games, the Raiders won six and lost two. In the six victories, all on the home field, the opposition failed to score a single point. North Shore faced the toughest competition in the two games played away from home, and the Raiders were defeated in both contests.

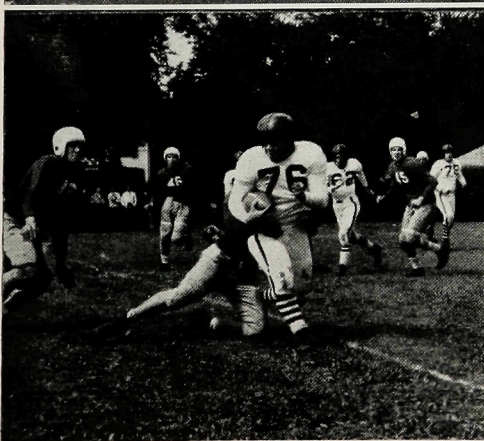

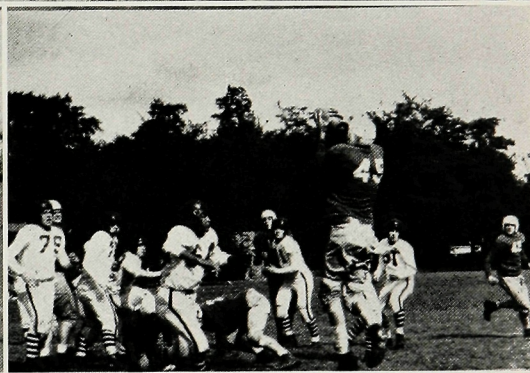

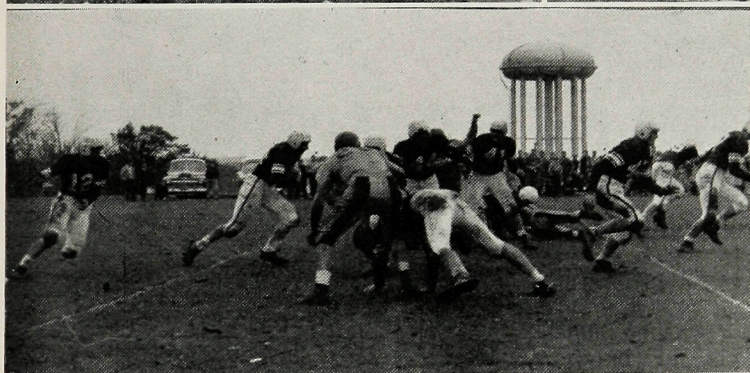

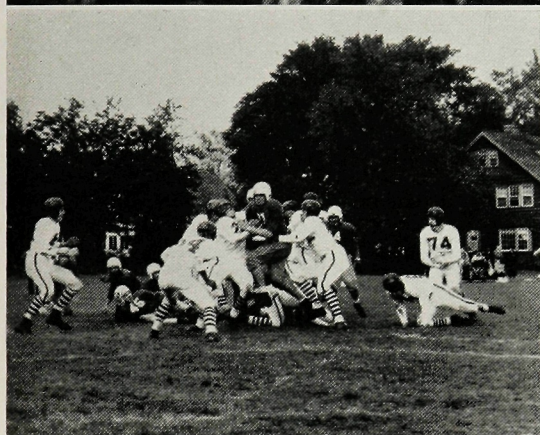

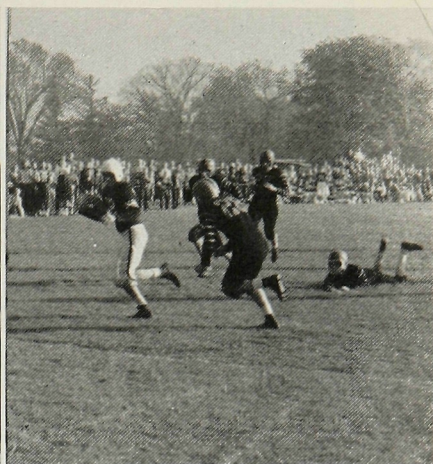

After two fairly easy victories the team journeyed to Milwaukee where they were defeated by MCDS 25-13. North Shore was ahead as the fourth quarter began, but the Milwaukee depth proved to be too much. It was the 28th straight win for MCDS and at the end of the season, still undefeated, they were declared the Wisconsin State Champions.

Two weeks later the highest point of the season was reached when the team defeated arch-rival Lake Forest Academy by the very convincing score of 21-0.

Throughout the long season Captain Chuck Moyer kept the team morale exceptionally high. After losing to St. Louis the previous week in 90 degree weather, the team returned to Winnetka and played Detroit in a blinding snow storm. It looked as though the game would end in a scoreless tie, but with two minutes remaining North Shore intercepted a Detroit pass and soon scored, to make the final score 6-0.

FROSH-SOPH FOOTBALL

Sparked by a strong Sophomore class, the Frosh-Soph Football season was a very successful one. Winning 4 while losing 1 and scoring 127 points to the opponents 44, North Shore found no really tough games after opening at Milwaukee with a muddy 19-0 loss to their Junior Varsity. The team had a real disadvantage because the pressure was never really on them and they didn't learn what it was to be in a close game. The best game the North Shore Frosh-Soph played took place when the team evenly divided up and after a few days of practice, engaged in a hard-fought battle that ended 14-13. Coached by Mr. Hanford and Mr. Howe, the team, improved by leaps and bounds, and looks forward to helping the Varsity next year.

VARSITY HOCKEY

The girls' varsity hockey team was run somewhat differently this year from what has been done in the past. Pre-season practice was held for all interested about a week prior to the start of school. There was quite a good turnout for these practices, so that about two weeks after school started a varsity team of thirty members was chosen under Captain Gail Gilbert and Manager Franny Blunt.

After this varsity team was chosen, the team started in for two weeks of concentrated drills, calisthenics, and practice games under the guidance of the new coach, Miss Shallow.

These seven games saw only one loss for the first team, with five wins and one tie. The second team had an identical record. Every game displayed good hockey by both teams, and in general the 1950 hockey season was a decided success.

Although the Girls' Varsity did not have a very good season, they succeeded in beating Milwaukee Downer, the only team that they lost to the previous year. The record of five wins out of thirteen starts is not very impressive but, actually, it was felt that the girls exhibited fine spirit and good sportsmanship. For the first time, the season was closed with a Basketball Banquet at which the squad received their letters. The girls are avidly looking forward to next year's season so they can avenge their losses.

BASKETBALL

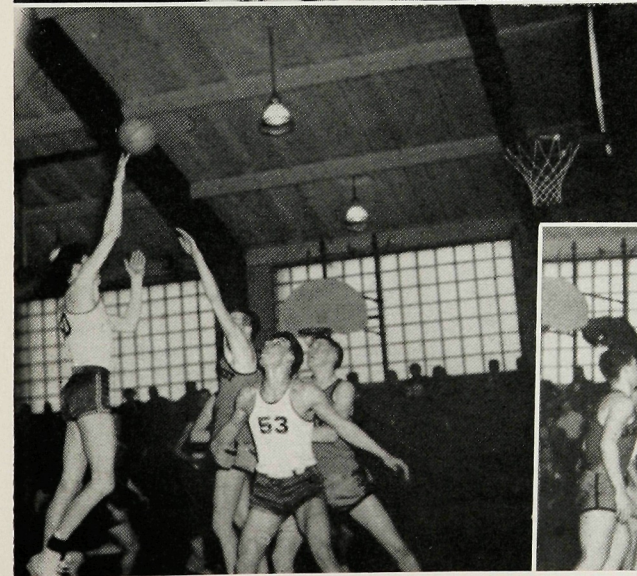

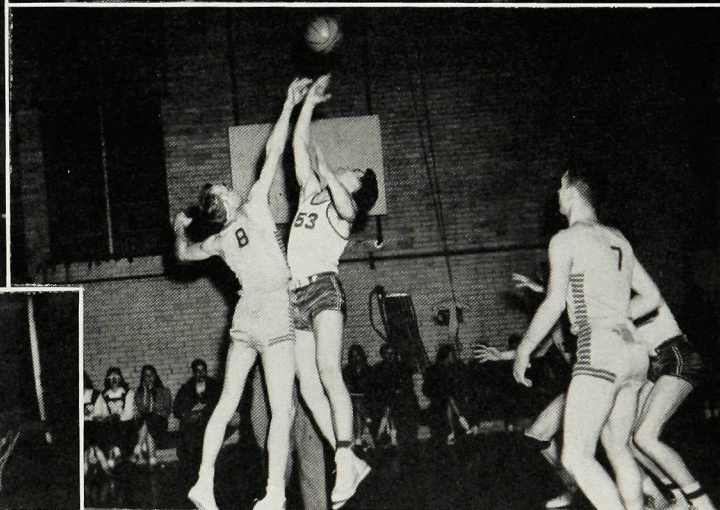

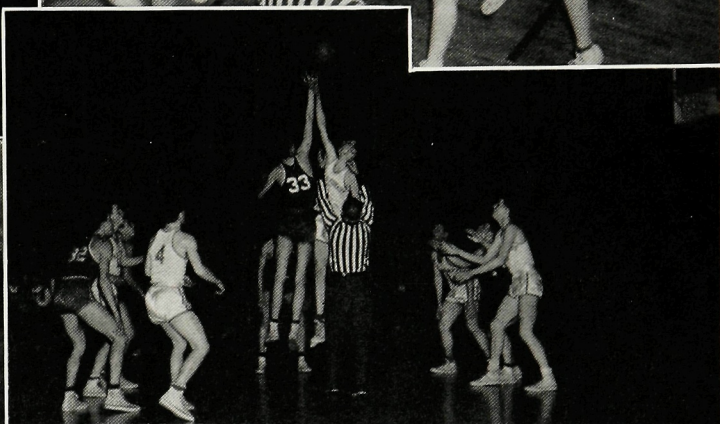

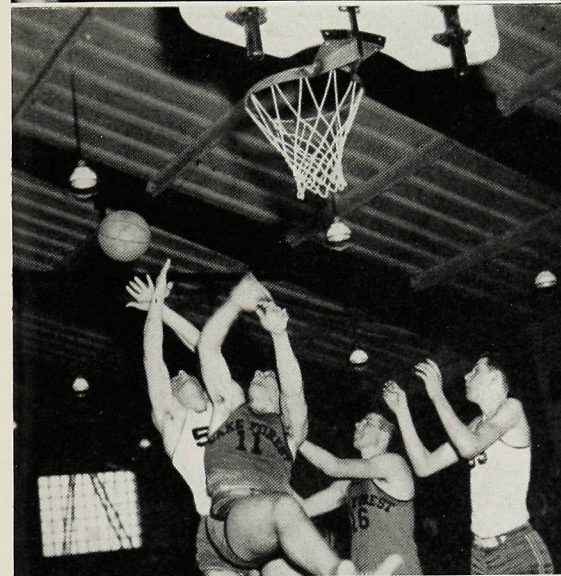

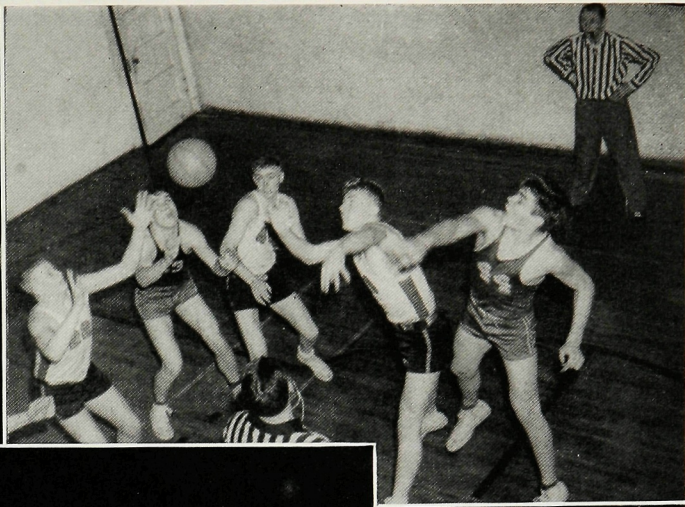

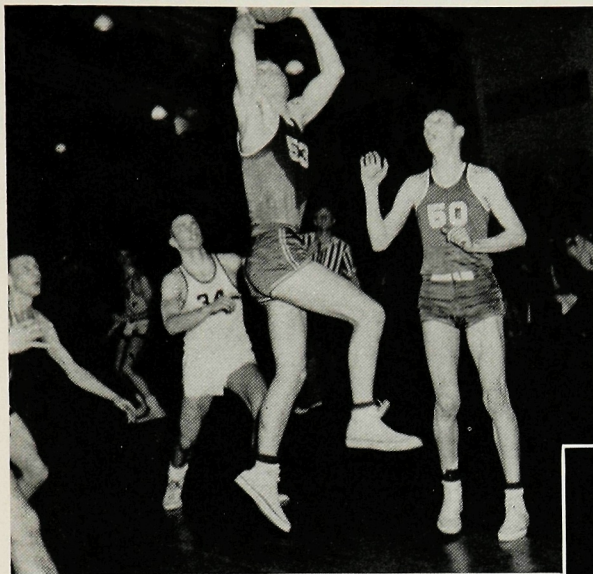

The 1950-51 basketball season was a great success from every aspect. Playing the biggest schedule in the history of the school, North Shore amassed a record of 19 wins and 2 losses. The climax of the season came when the Raiders walked off with top honors in the third annual Wayland Invitational Basketball Tournament, held at Beaver Dam, Wisconsin. This victory marked North Shore's initial tournament competition, after turning down previous bids.

The starting team, all seniors, was virtually the same group that has played together for the past three years, and compiled a total of 44 wins against 5 defeats. At center was 6'2" Byron Campbell, North Shore's captain for the past two seasons. Pete Wallace, 6'5", and Ray Olson, 6'4", shared the forward duties, while Paul Jeffris, 5'10", and Bill Dawes, 6'2", worked at guard. These five boys, along with Chuck Moyer, 6'2", and Mike Carstens, 6', formed the nucleus of Coach McCarty's squad. In the battle for individual scoring honors, Jeffris collected a total of 313 points to edge out Campbell by just one point.

The two losses suffered by the Purple and White were both avenged later in the year. In the opening game of the season North Shore journeyed to Milwaukee where they were defeated 55-53 by Milwaukee University School. Two months later MUS came to Winnetka and the Raiders downed them 49-41. In the first game with arch-rival Lake Forest Academy, the Caxymen squeezed out a 43-41 decision. In the return game, played in the brand new Lake Forest College fieldhouse, North Shore evened the score with a 46-44 victory.

The chance to play in the Wayland Tournament was without a doubt the highlight of the entire season. With a record of 16-2 North Shore was the favorite to win the tournament, though the host school, Wayland Academy, and Lake Forest Academy, figured to be in the running, along with St. John's Military Academy. The eight team tourney started off with a bang as the Raiders proceeded to break the tournament scoring record in their 69-31 rout of Milwaukee Country Day. Lake Forest won their opening game also, and the two Illinois representatives clashed in the semi-final round. This game was not the wild and exciting type which the other two North Shore-LFA contests had been; in fact, it turned into a rather one-sided affair, as the Raiders copped a 56-34 verdict. By virtue of victories over St. John's Military Academy and Milwaukee University School, Wayland Academy earned the right to meet North Shore in the championship game. It was a real thriller from start to finish as the score was tied several times, and the lead changed on practically every shot. After holding a 21-19 lead at half-time the Purple and White slipped behind at the end of the third quarter, but put on a brilliant display of shooting and dribbling in the final period to gain a 43-40 decision.

This year's team broke numerous school records as well as three Tournament marks. In the Tournament at Beaver Dam North Shore set three new records: most points on free throws for one game—19, most free throws made during the tournament—52, and most points in one game—69. In the school record book Byron Campbell set a new one game mark of 32 points, and the team hit for a record total of 72 against Milwaukee Country Day. This year's team also set records for the longest winning streak—14, most games won—19, and the best won and lost percentage—.904.

VARSITY BASEBALL

As the Mirror is going to press, the 1951 Baseball season is in full swing with the team holding an unbeaten record in eight games. From the way the team has played these games, it looks as though they may be headed for an undefeated season or, at any rate, a very successful one.

The main factors of this success have been the excellent pitching of Bill Getz, who, up until now, has had three one-hitters and four shut-outs, the team's willingness to take chances on the basepaths in order to get men in scoring position, and the fine hitting of Tim Hardy, Chuck Moyer, and Capt. Mike Carstens.

The two big victories of the season thus far have been a six to two triumph over Lake Forest Academy at Lake Forest, and an eight to two rout over Milwaukee C.D.S. in which Chuck Moyer smashed a home run over the left field fence.

Craftsmanship

HAS BEEN THE KEYNOTE of Rogers yearbooks for forty-three years. And it will continue to be our ideal, because responsibility to see that your publication is well printed is shared by the entire organization.

The Rogers tradition of sincerity and quality has been recognized by many schools as a security to the institution and an inspiration to the staff.
